

THE REW FAMILY
OF
ACCOMAC COUNTY, VIRGINIA

The surname has been variously spelled, AREW, ARUE, REW and RUE. *or Rhue*
The immigrant signed his name "JOHN AREW". The second generation, and all other generations down to about 1880, with a few isolated exceptions, spelled it REW. From the above named date to the present time, the descendants of William Rew II (1806-1891) have used RUE. All other members of the family spell it REW.

All persons who trace their Rew, or Rue, ancestry back to the Eastern Shore of Virginia are descended from a common ancestor, John Arew. It has not yet been learned from what country John came (though it is believed that he was Welsh), and the exact time of his arrival on the Peninsula has not been fixed, but on Nov. 9, 1666, he was granted a patent for "Three Hundred acres of land, situated in Accomac County, at the south side of the southern branch of Hunting Creek, and bounded on the northeast therewith; on the northwest by the lands of James Atkinson; on the southeast by the lands of Christopher Thompson; on the southwest by a right line; the said land being due for the transportation of six persons into the colony of Virginia." (Book 6, page 20, of the Virginia Land Office.

John Arew traded this 300 acres to William Gowers for a tract of similar area on the north side of Hunting Creek. This transaction is evidenced by the will of William Gowers, dated July 31, 1668, probated Jan. 5, 1669, in Accomac County, (D. & W. 1664-1671, page 91), and by a patent in confirmation to John Arew, dated Oct. 24, 1672, recorded in Book 6, page 434, of the Virginia Land Office.

wife Dorothy. John Arew died testate in 1689. His will shows that he left daughters, but they are not specifically named. He devised his land equally to his three sons, John, Thomas and Wonney.

John Rew II died testate in 1714, leaving wife, *Elisha Hard.* Lesche, and children Thomas and Catherine; no record of the administration of the estates of these children appears in Accomac County, nor do I find any further record of Thomas Rew, son of the immigrant, except that he is named as "kinsman" in the will of George Ewell, dated 1728. There is an old family tradition that this Thomas left the County and never returned, but there is no proof. A Thomas Rue was living in New Kent County, Va., in 1716. *Surveyor of the King's Road*

2nd. One of the two younger sons of the immigrant married Comfort, daughter of Charles Gelding, of Northampton County, and was the father of the first Southey Rew, who married Mary Brotherton. ~~The other son~~ married Comfort, daughter of John Lewis, *Jr.*, of Hunting Creek. I am inclined to believe that it was Wonney who married the Gelding girl,

since he left a grandson named Southey Rew. The name "Southey" as a Christian name of Southey Rew, born before 1709, indicates a possible Southey or Littleton connection.

Wonney Rew and Comfort, his wife, both died testate, in 1763 and 1772, respectively. They had issue as follows: (1) Southey Rew(?) m Mary Brotherton; (2) Beverly Rew, who could not be found when his father's will was probated; (3) Absalom Rew m Sarah Horsey Roach, daughter of John Roach III of Somerset County, Maryland; (4) Reuben Rew m ~~_____~~ 1798; (5) Wonney Rew II m Hester Hickman; (6) Elizabeth Rew m John Lewis; (7) Tamer Rew m George Middleton.

- (6) - Elizabeth Rew, daughter of Wonney Rew I and Comfort, his wife, married John Lewis. At a later date, her issue will be included with the Lewis family.
- (7) - Tamer Rew, daughter of Wonney Rew I and Comfort, his wife, married George Middleton. Her issue has not yet been traced.

In compiling this list of the descendants of John Arew, I have labored under the great disadvantage of being almost a thousand miles from Accomac County. I realize that the list is far from complete, and that by further search of the County records and inquiry among the members of the family living in Accomac a great deal of additional information can be obtained.

My most sincere thanks are due to Mrs. Olive Rue Truitt (the oldest living descendant of Wonney Rew II), of Showell, Maryland, to Mr. Vaughan Rue Truitt, of Baltimore, Maryland, to Miss Sadie D. Rue, of Belle Haven, Virginia, and to my good friend Mr. James H. Crowson, of Hopkins, Virginia. Without their able assistance and encouragement, this work would not have been possible of accomplishment.
